ENVIRONMENTAL POLICY

Kennedys Group is the trusted trades and construction service provider of choice for clients who expect the best in innovation and professionalism. Established as a family business in 1976, Kennedys has built a strong reputation for excellence in plumbing, electrical, metal fabrication, engineering, asbestos & mould remediation trades.

Now, backed by over 45 years of experience, Kennedys Group has expanded to a new major division: Construction. Together with our trades divisions, Kennedys Group Construction delivers turnkey build and Interior Fit Out works across Victoria. We're a large, dedicated, and collaborative team, approaching every project with today's best practice and tomorrow's future-thinking... that's why our mantra is 'a better way.'

Kennedys Group Construction is committed to:

- providing high quality products and services to our customers
- the protection of the environment, including the prevention of pollution
- satisfying all applicable environmental and regulatory requirements
- maintaining, measuring, reporting, and reviewing measurable objectives and targets
- the establishment, implementation and maintenance of the criteria and methods required for the effective operation and control of environmental management processes
- identifying risk and opportunities associated with the conformity of our products and services
- encouraging employees to participate in environmental improvement activities
- implementing, maintaining, and continuously improving our Environmental Management System to enhance performance
- providing adequate resources to achieve the intent of this policy, objectives and targets and all elements of our Environmental Management System to the standard of AS/NZS ISO 14001:2016.

This Environmental Management Policy shall:

- be available as documented information and to interested parties as appropriate
- be communicated within Kennedys Group Construction

I commit Kennedys Group Construction activities, products, and services to this policy.
